EDUCATION

Sri Eshwar College of Engineering

B.E - Computer Science Engineering (2021-2025)   **CGPA 8.66***

PROJECT

MeloStream:
- An advanced music streaming platform allowing users to create and delete playlists
- Integrated JioSaavn API to fetch songs and albums, with a robust search feature.
- Enables users to seamlessly discover and add tracks to their personalized playlists
- Modules Used: React ,Node.js ,Express.js ,MongoDB.

PCFinder :

- Web App that recommends the best laptop based upon user-answered Questions , price to value laptop.
- It avoids confusion and allows users to buy the right laptop for their needs.
- It also integrates offline laptop market through whatsapp user can send particular laptops to local shops.
- Technology Used:Html,CSS,Python,Flask,MongoDB.

INTERNSHIP

MERN STACK - BETTER TOMORROW

Developed a RecipeApp using Vite+ReactJs,MongoDB, nodeJs, ExpressJs

RecipeApp: website
- Web App where user can learn to cook a recipe. Users can login and add their own recipe.
- User can save search recipes,find instructions and ingredients uploaded by all the users
- The user credentials are maintained in MongoDB by Express js.
- Technology Used : React ,Node.js ,Express.js ,MongoDB.

TECHNICAL SKILLS

Languages - C | Java | Python
Query Language - MySQL|MongoDB
Web Technologies - HTML | CSS | JavaScript | Express js | Node.js | React js|Flask
Core concepts - DSA | OOPS | DBMS
Other Tools - VS-code | Intellij | Github |Pycharm| Eclipse | Jupiter NoteBook

---

ACHIEVEMENTS

- **Leetcode :** Max Rating : 1704 | solved 580+ problems.
- **Codechef :** Max Rating : 1518.
- Runner up - Coding premiere league | Winner - Codelee (internal) | Won excellence in academics.
- Participated and secured 432nd rank (1400+ teams) in reply challenge (Asian level).

CERTIFICATIONS

- Full stack web development training certificate from DEVTOWN company - **certificate.**
- Business English Certification by Cambridge University - passed LEVEL B1.
